

RapidConnector Appliance

Aperere's IMAG-RCA provides a simple framework to connect and execute Identity Management Functions for Windows Client based applications. IMAG-RCA provides Rapid Connect Architecture to quickly connect with applications that have Windows based user administration to perform the tasks of Identity Consolidation, Reconciliation and Provisioning.

IMAG-RCA will function in conjunction with IMAG and all the management and reporting of IMAG-RCA functions is performed by IMAG.

Features	Benefits
Installation & Configuration	Deployment in a non-intrusive way to communicate with IMAG and enterprise applications
Rapid Connect Appliance for Windows Clients and Web Enabled Applications	When used in conjunction with IMAG provides a comprehensive way to perform Identity management for all Windows client and web based applications in a very short amount of time.
Management	This enables one single interface to manage multiple appliances thereby reducing cost of management.
Workflow Approved process	The Administrator can now delegate tasks to other IMAG Administrators, ensuring that work gets done faster and better.
Granular Provisioning based on user credentials	Offers the Administrator the ability to implement access permissions even up to the table levels.
RCA - Mechanism to talk to applications	Application connectors can be build in hours rather than months.

Specifications

Interfaces

- 2 x 10/100/1000 Ethernet Ports (Mgmt, Fail Over)

OS Support

- Windows98, Windows XP, Windows 2000, Windows 2003

RAID

- RAID 1

Power

- AC input voltage 100 to 240 VAC
- Frequency 50 to 60 Hz

Dimensions

- 1.7" in (Height), 16.8" (Width), 14.0" (Depth)
- Weight 14.5 lbs (6.6 kg)
- 1 U Rack mountable

Regulatory Certifications

- USA - UL listed, FCC
- Canada - CUL
- Europe CE
- Germany - TUV Certified
- EN 60950/IEC 60950 - C

Environmental

- Temperature : Operating temperature 10 – 35 C (50 to 90 F)
- Humidity : Operating Humidity 8 – 90 % non-condensing

Standard Warranty Coverage

- 1 year Hardware & Software
